Facilitator's Guide
For Blood Bank Nurses
Training Program

Ministry of Health and Family Welfare
Government of India
Foreword

Blood Transfusion Services in India have advanced significantly through the Blood Safety Program which has been an integral part of all phases of the National AIDS Control Programme since 1992. This has contributed immensely in improving access to safe and quality blood, and in promotion of Voluntary Blood Donation, and has also led to several advancements in terms of better policies, improved infrastructure and adoption of modern technologies.

Capacity building and training are a vital part of service delivery. Regular and standardized training leads to improvements in the knowledge, skills and standards of personnel providing blood transfusion services. The scope of a standardized training curriculum on Blood Transfusion Service is to train the Medical Officers, Staff Nurses, Counselors and Lab Technicians of the Blood Bank to become totally familiar with the basic techniques of Blood Banking, and to help them adopt techniques which comply with the regulatory framework in the field of Blood Transfusion.

The set of training modules is intended to emphasize Good Laboratory Practices (GLP) and Quality Management Systems (QMS) in Blood Transfusion Services. Training would be imparted through identified centres identified by National AIDS Control Organization, Ministry of Health and Family Welfare. These training centres will work towards capacity building for all cadres of the Blood bank staff across all facilities situated in different regions of the country.

I am confident that this training module would be very useful for all in the field of blood transfusion services.

(B.P. Sharma)
The goals and objectives of the Blood Safety Programme are to ensure the provision of safe and quality blood, even to remote areas of the country. National AIDS Control Organisation (NACO) supports a network of about 1200 Blood Banks in the Government and Charitable sectors through provision of equipment, consumables, manpower and capacity building. Nearly 70% of the country’s blood requirement is met through this network. The scenario of blood banking in India owes much of its modernization due to the efforts made during various phases of the National AIDS Control Programme (NACP).

During NACP IV, NACO has identified specific areas for strengthening technical and service quality standards, management structures, partnership mechanisms, and monitoring and evaluation systems to achieve the objective of catering to the country’s blood requirements through a nationally coordinated and well networked Blood Transfusion Service.

Blood Transfusion Services Division, NACO and the National Blood Transfusion Council are committed to improve all aspects of Blood Transfusion Services in coordination with State AIDS Control Societies and State Blood Transfusion Councils. With rapid technological advancement in transfusion medicine, there is a felt need for an elaborate and standardized training curriculum so as to comply with the Indian health Policy Framework. The current training curriculum is based on changing needs of transfusion professionals.

This training module has been prepared with an objective of introducing uniform standards in all aspects of blood banking for medical officers, staff nurses, counselors and laboratory technicians working in the blood banks. The module is designed for the better understanding and comprehension of blood banking processes and procedures, in order to improve technical and managerial skills of the personnel.

Appropriate in-service training programmes will facilitate provision of trained manpower to enhance quality of transfusion services and to keep abreast with the latest developments in this fast changing field.

(N.S. Kang)
Acknowledgement

The Training Module for Blood Bank Medical Officers and Laboratory Technicians has been developed by Blood Transfusion Services Division, NACO and National Blood Transfusion Council, Ministry of Health and Family Welfare under the guidance and active leadership of Shri. Lov Verma, I.A.S, Ex-Secretary (Health) and Shri. B.P. Sharma, I.A.S, Secretary (Health).

The constant encouragement of Shri. N.S.Kang, Additional Secretary NACO and Shri. K.B. Agarwal, IAS, Joint Secretary, NACO have greatly helped in undertaking this important activity.

A special thanks to Dr. Shobini Rajan, Assistant Director General (BTS); Dr Harprit Singh, National Programme Officer (BTS) and Dr. Shanoo Mishra, Programme Officer Quality (BTS), NACO and other team members for their constant effort and hard work in preparing the module.

It is commendable to note that a comprehensive set of document has been reviewed with the coordinated and concerted efforts of various organizations and individuals from the Apex Training Institutes, PGI Chandigarh, KEM Mumbai and CMC Vellore. A detailed list of contributors is included within this document. My heartfelt thanks to all for their expertise and time spared towards technical review.

I extend my sincere thanks to the U.S. Centers for Disease Control and Prevention-Division of Global HIV/AIDS (CDC-DGHA), India and Christian Medical Association of India (CMAI) for providing technical assistance and support for the preparation of this set of modules.

(Dr. R.S. Gupta)
Message

Ensuring the safety and availability of Blood and Blood products is an essential Public Health responsibility. Measures to ensure blood safety also play a major role in preventing the transmission of HIV, Hepatitis virus and other Blood borne pathogens in health care settings.

Access to sufficient and safe Blood and Blood products provided within a National Blood System is a vital component in achieving Universal health coverage. So far, Blood Transfusion Services were available only through established Blood Banks extending up to district level. In 2003, under National Health Mission these services were made available at sub-district level through Blood Storage Units at First Referral Units. These Centres were aimed at meeting the requirements of blood for pregnant women requiring blood transfusions during pregnancy or labour.

For quality, safety and efficacy of Blood and Blood products, well equipped Blood Centres with adequate infrastructure and trained manpower is an essential requirement. To ensure effective clinical use of Blood and to maintain quality standards in Blood Banking procedures, training of clinical staff is important.

18 Training Institutes are identified to enhance quality services in Blood Transfusion Services. These Training Institutes will work towards capacity building of the Blood Banks through standardized Training Curriculum for all cadres of staff in the Blood Banks.

These revised editions of training modules for Blood Bank staff will be a useful resource for standardizing Blood Transfusion services across blood banks situated in different regions of the country. My congratulations to, Dr. R.S. Gupta, DDG, the BTS team at NACO and other organizations who contributed in the development of these modules.

(Dr Jagdish Prasad)
Message

Access to safe blood and maintaining standards in Blood Transfusion Services (BTS) is the predominant responsibility of NBTC. Currently, a network of 1161 blood banks is under the umbrella of NACO support and it is essential to provide regular Training to the Blood Bank staff, throughout the country.

This series of training modules is designed to train the blood bank staff on the basic techniques of Blood Banking which comply with worldwide standards in the field of Blood Transfusion.

The module is intended to incorporate Good Laboratory Practices (GLP), Good Manufacturing Practices (GMP) and quality systems for Blood Bank personnel.

18 Training Institutes have been indentified under NACP IV. These Training Institutes will work towards capacity building of the Blood bank staff through standardized training curriculum for all cadres of staff in Blood Banks.

I would like to place on record my appreciation to Dr. R.S. Gupta, DDG BTS Division, Dr. S. D. Khaparde, ex- DDG, the BTS team at NACO and other organizations who contributed to the development of these guidelines.

(K B Agarwal)  29/5/15

**Session 1: Introduction**

**Activity 1: Participant introduction**

**Objective:**
- This activity will set the tone for the workshop: it is easy and fun, it helps participants to relax and start to get to know each other

<table>
<thead>
<tr>
<th>Time: 15 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Material: Soft ball</td>
</tr>
</tbody>
</table>

**Methodology**
- Ice breaker

**Instructions to the Facilitators:**
- Ask the participants to sit in a circle
- The facilitator can introduce him/herself first
- Throw the ball to one of the participants
- The participant who holds the ball has to introduce him/herself to the group by saying out aloud their name, designation, workplace & hobby.
- The participant holding the ball will now throw it to anyone in the group. The person who gets the ball now introduces him/herself.
- The activity continues till all the participants have introduced themselves.

**Session 1: Introduction**

**Activity 2: Expectation of the Participants**

**Objective:**
- It is important to know what the participants expect from the training. This can also be used at the end to see how much of the expectations have been met.

<table>
<thead>
<tr>
<th>Time: 5 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Materials: Paste it slips &amp; Pen</td>
</tr>
</tbody>
</table>

**Methodology**
- Individual Activity

**Instructions to the Facilitators:**
- The facilitator requests the participants to write down their expectations from the training sessions on the paste it slips provided to them.
- The slips are collected and then displayed.

**NOTE:** The expectations must be displayed till the end of the training.
Session 1: Introduction

Activity 3: Pre Training Assessment

Objective:
- To assess the knowledge of the participants

Time: 20 Minutes

Materials: Questionnaire

Methodology
- Individual Activity

Instructions:
- The facilitator will circulate the questionnaire to the participants to be filled up and returned.
- No negative markings
- The pre training questions must be corrected and kept ready before the last day of training.

Session 2: Introduction to National Blood Safety Program and National Blood Policy

Activity 1: Overview of National Blood Safety Program.

Objective:
- To explain the need of the training program.
- To recall the functions of blood bank.
- To brief the national blood policy

Time: 15 Minutes

Materials: Projector, screen and pointer

Methodology
- Video Presentation

Instructions:
- The facilitator needs to project the documentary video
- The facilitator shall watch the video prior to the session.
- Facilitator has to probe the participants to share their views.

Summarise:
- Quickly recap the evolution of the National Blood safety program.
- Clarify any questions by the participants

Reference:
- Kindly refer to video presentation: Day 1 - Session 2 - Activity 1
### Session 2: Introduction to National Blood Safety Program and National Blood Policy

#### Activity 2: National Blood Policy

<table>
<thead>
<tr>
<th>Objective:</th>
<th>Time: 20 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>To create awareness of the National Blood Policy</td>
<td>Material: Projector, Screen, Pointer</td>
</tr>
</tbody>
</table>

**Methodology**
- Power Point Presentation

**Instructions:**
- Please try to explain the crux of the contents in each slide.
- Do not just read out the points.
- Please clarify the participant’s queries

**Summarise:**
1. What are the core points discussed under slide presentation?
2. What did you learnt from the group activities?

**Reference:**
- PPT No : Day 1 - Session 2 - Activity 2

### Session 3: Blood Donor Selection

#### Activity 1: Donor Recruitment and Retention

<table>
<thead>
<tr>
<th>Objective:</th>
<th>Time: 30 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>To describe the methodology of donor identification and selection</td>
<td>Materials: Projector, screen and pointer</td>
</tr>
<tr>
<td>To explain in detail about the donor education</td>
<td></td>
</tr>
<tr>
<td>To brief about the donor care and satisfaction</td>
<td></td>
</tr>
<tr>
<td>To list the reason for donor retention</td>
<td></td>
</tr>
</tbody>
</table>

**Methodology**
- Power point presentation

**Instructions:**
- Please try to explain the crux of the contents in each slide.
- Do not just read out the points.
- Please clarify the participant’s queries
- The participants should be able to demonstrate the knowledge & skills to recruit retain & recall donor.

**Summarise:**
1. The learning out comes
2. What are all the points were discussed under case scenario?
3. What did you learnt from the Lab demo?

**Reference:**
- Kindly refer Chapter No.1, sub topic no. 1.1, of the Nurses Module
- PPT No : Day 1 - Session 3 - Activity 1
### Session 3: Blood Donor Selection

#### Activity 2: Donor Room Procedure and Adverse Donor Reaction

<table>
<thead>
<tr>
<th>Objective:</th>
<th>Time: 30 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>- To enumerate the types of donors and explain them in detail</td>
<td></td>
</tr>
<tr>
<td>- To discuss in detail about the different methods &amp; measurement of hemoglobin</td>
<td></td>
</tr>
<tr>
<td>- To brief about the donor selection procedure for whole blood collection, donor registration and blood collection procedure</td>
<td></td>
</tr>
<tr>
<td>- To explain about the post donation care and the donor reaction &amp; prevention</td>
<td></td>
</tr>
</tbody>
</table>

| Material: Projector, screen and pointer                                                                                                    |                  |

#### Methodology

- Power Point Presentation & Trigger Video

#### Instructions:

**Step 1: Power Point Presentation**

- The following two topics to be covered
  a) Types of donor, donor registration, & selection for whole blood collection & procedure
  b) Post donation care, donor reaction & prevention
- Please try to explain the crux of the contents in each slide. Do not just read out the points.
- Please clarify the participant’s queries

**Step 2: Trigger Video on Haemoglobin estimation**

- Facilitator should ensure necessary arrangements for Trigger video presentation.
- The following two topics to be covered.
  a) Haemoglobin Estimation
  b) Phlebotomy procedure
- Please instruct the participants that there would be questions at the middle of the video presentation, which the participants have to answer.

#### Summarise:

1. How will you select a donor for whole blood collection?
2. Explain about the different methods of haemoglobin measurement?
3. List down the steps involved in post donation care?

#### Reference:

- Kindly refer Chapter No.1, sub topic no. 1.2, of the Nurses Module
- PPT No: Day 1 - Session 3 - Activity 2
### Session 3: Blood Donor Selection

#### Activity 3: Organisation of Blood Donation Camps

<table>
<thead>
<tr>
<th>Objective:</th>
<th>Time: 30 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>To illustrate the list of procedures required to organize a blood donation camp.</td>
<td>Materials: Charts, Sketch Pens &amp; Double tape</td>
</tr>
</tbody>
</table>

#### Methodology
- Group Activity

#### Instructions:

1. **Group activity**
   - Divide the participants into 4 groups
   - Assign one of the following activities to each group.
   - Each group should work as a team on the activity assigned to them
   - A volunteer from each group should make a short presentation on their group activity.

#### Note:
- Time for group discussion: 10 minutes
- Time for presentation by each group: 5 minutes (Total time: 20 minutes)
- Ask other groups to comment on any missed out points.

#### List of Activities to be assigned to each group for this session are:
1. Pre Camp activities & Challenges faced
2. Camp site activities & Challenges faced
3. Equipment required during camp & Challenges faced
4. Records, Storage & Transportation of collected Blood units & Challenges faced

#### Summarise:
- What core points discussed by groups?

#### Reference:
- Kindly refer Chapter No.1, sub topic no. 1.3, of the Nurses Module
**Session 4: Immunohaematology**

**Activity 1: Basic Red Cell Serology**

**Objective:**
- To describe about the basic red cell serology
- To brief about the types of blood groups, Rh antibodies & the blood group principles.
- To explain about the ABO & Rh grouping & compatibility testing

**Time:** 30 Minutes

**Material:** Projector, screen and pointer, Samples for demo Lab

**Methodology**
- Power Point Presentation

**Instructions**

Power Point Presentation on Basic red cell serology
- Please try to explain the crux of the contents in each slide.
- Do not just read out the points. Please clarify the participant’s queries

**Summarise:**
1. Ask participants on the key learnings from this session

**Reference:**
- Kindly refer Chapter No.2, sub topic no. 2.1, of the Nurses Module
- PPT No : Day 1 - Session 4 - Activity 1

**Session 4: Immunohaematology**

**Activity 2: ABO & Rh Grouping and Typing**

**Objective:**
- To discuss the different methods of storage
- To brief about the roles & responsibilities of nurses in storage of blood & its components

**Time:** 60 Minutes (PPT- 40 minutes, Video- 20 minutes)

**Material:** Projector, screen and pointer

**Methodology**
- Power Point Presentation and Trigger Videos
### Instructions:

**Step 1: Power Point Presentation**
- Please try to explain the crux of the contents in each slide. Do not just read out the points.
- Please clarify the participant’s queries

**Step 2: Trigger Videos**
- Facilitator should ensure necessary arrangements for Trigger video presentation.
- The following topic is to be covered.
  a) ABO grouping & RH typing
- Please instruct the participants that there would be questions at the middle of the video presentation, which the participants have to answer.

### Summarise:

- What are the core points discussed in this presentation?
- How does it relate to your work?

### Reference:

- Kindly refer Chapter No.2, sub topic no. 2.2, of the Nurses Module
- PPT No : Day 1 - Session 4 - Activity 2

---

### Session 4: Immunohaematology

**Activity 3: Basics of ABO Grouping Discrepancies**

<table>
<thead>
<tr>
<th>Objective</th>
<th>Time: 15 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>To explain basics of discrepancies in ABO grouping</td>
<td>Material: Projector, Screen, Pointer.</td>
</tr>
</tbody>
</table>

**Methodology**

- Power Point Presentation

**Instructions:**

**Step 1: Power Point Presentation**
- Please try to explain the crux of the contents in each slide. Do not just read out the points.
- Please clarify the participant’s queries

**Summarize:**

1. What are the core points discussed in this presentation?
2. How does it relate to your work?

**Reference:**

- PPT No : Day 1 - Session 4 - Activity 3
### Session 4: Immunohaematology

**Activity 4: Lab Demonstration - HB Estimation, ABO, RH Grouping and Typing**

<table>
<thead>
<tr>
<th><strong>Objective:</strong></th>
<th><strong>Time:</strong> 60 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>To provide hands on exposure to HB estimation, ABO, RH Grouping and Typing.</td>
<td><strong>Material:</strong> Samples for demo</td>
</tr>
</tbody>
</table>

**Methodology**

- Lab Demonstration

**Instructions:**

1. Facilitator should ensure that necessary arrangements for demonstration have been made at the lab.
2. Accompany participants to the concerned lab.
3. Participants need to be divided into 2 groups. The following topics would be demonstrated for each group.
   a. HB estimation
   b. ABO, RH Grouping and Typing
4. The groups then swap to do the other procedure

**Summarize:**

- Ask participants on the key learnings from this session

### Session 1: Transfusion Transmissible Infections

#### Activity 1: Basics of Transfusion Transmissible Infections

**Objective:**
- To recognize Transfusion Transmissible Infections
- To understand the characteristics of TTIs.

**Time:** 30 Minutes

**Material:** Projector, Screen and Pointer

**Methodology**
- Power Point Presentation

**Instructions:**
- Power Point Presentation on
  1. Epidemiology & Screening of Hepatitis B & Hepatitis C
  2. Epidemiology & Screening of HIV
  3. Epidemiology & Screening of Malaria
  4. Epidemiology & Screening of Syphilis
- Please try to explain the crux of the contents in each slide.
- Do not just read out the points. Please clarify the participant’s queries

**Summarize:**
- What are the core points discussed in this presentation?
- How does it relate to your work?

**Reference:**
- Kindly refer Chapter No.3, of the Nurses Module
- PPT No: Day 2 - Session 1 - Activity 1

### Session 1: Transfusion Transmissible Infections

#### Activity 2: Screening of TTIs

**Objective:**
- Describe the blood screening process
- Explain Preventive strategies for TTIs.

**Time:** 30 minutes

**Material:** Samples for demo

**Methodology**
- Laboratory Demonstration

**Instructions:**
1. Ensure that the necessary arrangements for the demonstration have been made at the concerned lab.
2. Accompany the participants to the concerned lab.
3. Divide the participants into two/ more groups depending on the number of participants.
4. Each group will do one lab procedure
5. The groups then swap to do the other procedure.
Facilitator's Guide
for Blood Bank Nurses

**Day 2**

**Summarize:**
- Ask participants on the key learnings from this session

<table>
<thead>
<tr>
<th>Session 2: Bio Safety &amp; Waste Management</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Activity 1: Bio Safety</strong></td>
</tr>
</tbody>
</table>

**Objectives:**
- To explain about the modes of exposure to blood borne pathogens
- To brief about the essentials steps of bio safety
- To discuss in detail about the bio medical waste management
- To enumerate the roles & responsibilities of nurse in bio safety

**Time:** 60 Minutes (Video- 20 minutes, PPT- 40 minutes)

**Materials:** Projector, screen and pointer

**Methodology**
- Power Point Presentation and Video

**Instructions:**

**Step 1: Power Point Presentation**
- Please do not read through all the points
- Summarise the slide and present
- If there are any queries from the participants kindly clarify them

**Step 2: Video Show**
- The facilitator/resource person shall watch the video prior to the session.
- Play the video show to the participants.
- Probe the participants to share their views.
- Now summarize the core content of the video show.

**Summarise:**
1. What are the core points discussed under case scenario?
2. What did you learnt from the group activities?

**Reference:**
- Kindly refer Chapter No.4, of the Nurses Module
- PPT No : Day 2 - Session 2 - Activity 1
Session 2: Bio Safety and Waste Management

Activity 2: “Bin in it in a minute” Game

Objectives:
- To discuss in detail about the bio medical waste management

Time: 15 Minutes

Materials: Color coded Bucket & Ball

Methodology
- Individual Activity

Instructions:
- Arrange the colour coded bins.
- Ask participants to come in batches of 5.
- Hand over three balls to each of the participants.
- Ask participants to come forward and throw balls in the appropriate coloured bins.
- Ensure all participants participate.
- Rectify the mistakes if participants throw the ball in the wrong bin.

Summarise:
- Was the game on waste segregation useful?

Session 2: Bio Safety and Waste Management

Activity 3: Bio Medical Waste Management

Objectives:
- To discuss in detail about the color coded bins
- To explain the method of disposal

Time: 45 Minutes

Materials: Projector, screen and pointer

Methodology
- Power point presentation

Instructions:
- Please do not read through all the points
- Summarise the slide and present
- If there are any queries from the participants kindly clarify them

Summarise:
1. What are the core points discussed under case scenario?
2. What did you learnt from the group activities?

Reference:
- Kindly refer Chapter No.4, sub topic no. 4.3, of the Nurses Module
- PPT No : Day 2 - Session 2- Activity 3
# Session 3: Equipment management

## 1: Equipment management & calibration

### Objectives:
- To promote knowledge about the equipment’s in the blood bank
- To brief about the maintenance & calibration of equipment’s

<table>
<thead>
<tr>
<th>Time:</th>
<th>30 Minutes</th>
</tr>
</thead>
</table>

| Materials: | Projector, screen and pointer |

### Methodology
- Power point presentation

### Instructions
- Please try to explain the crux of the contents in each slide. Do not just read out the points.
- Please clarify the participant’s queries.

### Summarise:
1. What are the core points discussed under case scenario?
2. What did you learnt from the group activities?

### Reference:
- PPT No: Day 2 - Session 3 - Activity 1.

## Session 4: Blood Components

### Activity 1: Blood Components

### Objective:
- Describe the process of component separation
- Explain shelf life of components

<table>
<thead>
<tr>
<th>Time:</th>
<th>60 Minutes (Trigger video - 20 minutes &amp; PPT - 40 minutes)</th>
</tr>
</thead>
</table>

| Material: | Projector, Screen and Pointer |

### Methodology
- Power Point Presentation

### Instructions
- Please try to explain the crux of the contents in each slide. Do not just read out the points.
- Please clarify the participant’s queries

### Summarize:
- What are the core points discussed in this presentation?
- How does it relate to your work?

### Reference
- Kindly refer Chapter No.5, of the Nurses Module
- PPT No: Day 2 - Session 4 - Activity 1
### Session 4: Blood Components

#### Activity 2: Storage and Transportation

**Objective:**
- Explain Storage and Transportation

**Time:** 15 Minutes

**Material:** Projector, Screen and Pointer

**Methodology**
- Power Point Presentation

**Instructions**
- Please try to explain the crux of the contents in each slide. Do not just read out the points.
- Please clarify the participant's queries

**Summarize:**
- What are the core points discussed in this presentation?
- How does it relate to your work?

**Reference**
- Kindly refer Chapter No.5, sub topic no. 5.4 & 5.5, of the Nurses Module
- PPT No: Day 2 - Session 4 - Activity 2

---

#### Activity 3: Administration of Blood Components

**Objective:**
- Understanding about Administration of Blood Components

**Time:** 30 Minutes

**Material:** Projector, Screen and Pointer

**Methodology**
- Power Point Presentation

**Instructions**
- Please try to explain the crux of the contents in each slide.
- Do not just read out the points. Please clarify the participant's queries

**Summarize:**
- What are the core points discussed in this presentation?
- How does it relate to your work?

**Reference**
- Kindly refer Chapter No.5, of the Nurses Module

**Session 1: Pre Transfusion Issues and Bed Side Practices and Transfusion Reaction**

**Activity 1: Pre Transfusion Issues**

**Objectives:**
- To brief about the procedure for collection of blood sample & pre transfusion testing

**Time:** 30 Minutes

**Materials:** Projector, screen and pointer

**Methodology**
- Power Point Presentation

**Instructions:**
- Please try to explain the crux of the contents in each slide.
- Do not just read out the points.
- Please clarify the participant’s queries

**Summarise:**
1. What are the core points discussed under case scenario?
2. What did you learnt from the group activities?

**References:**
- Kindly refer Chapter No.6, of the Nurses Module
- PPT No : Day 3 - Session 1 - Activity 1

---

**Session 1: Pre Transfusion Issues and Bed Side Practices and Transfusion Reaction**

**Activity 2: Bed side practices**

**Objective:**
- To explain about the pre administration checks, administration of blood & products & monitoring of recipients.
- To discuss about the role of hospital transfusion committee & a nurse in pre transfusion checks.

**Time:** 30 Minutes

**Material:** Projector, Screen, Pointer.

**Methodology**
- Power point presentation

**Instructions:**
- Please try to explain the crux of the contents in each slide.
- Do not just read out the points. Please clarify the participant’s queries

**Summarise:**
- What are the core points discussed under case scenario?
- What did you learnt from the group activities?

**References:**
- Kindly refer Chapter No.6, of the Nurses Module
- PPT No : Day 3 - Session 1 - Activity 2
## Session 1: Transfusion transmissible infection & Transfusion reaction

### Activity 3: Transfusion Reaction

<table>
<thead>
<tr>
<th>Objectives:</th>
<th>Time: 30 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>• To brief about the transfusion reaction</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Material:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>• Projector, Screen, Pointer, paper &amp; pen</td>
<td></td>
</tr>
</tbody>
</table>

### Methodology

- Power Point Presentation

### Instructions:

- Please try to explain the crux of the contents in each slide.
- Do not just read out the points. Please clarify the participant’s queries

### Summarise:

1. What are the core points discussed under case scenario?
2. What did you learnt from the group activities?

### Reference:

- Kindly refer Chapter No.7, of the Nurses Module
- PPT No: Day 3 - Session 1 - Activity 3

## Session 2: Roles and Responsibilities of Staff Nurse

### Activity 1: Roles and Responsibilities of Staff Nurse

<table>
<thead>
<tr>
<th>Objectives:</th>
<th>Time: 60 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>• To promote the knowledge on roles &amp; responsibilities</td>
<td></td>
</tr>
<tr>
<td>• To discuss the importance of nurses role in a blood bank</td>
<td></td>
</tr>
<tr>
<td>• To improve the quality of nursing services.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Materials:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>• Projector, screen and pointer</td>
<td></td>
</tr>
</tbody>
</table>

### Methodology

- Power Point Presentation

### Instructions:

- Please try to explain the crux of the contents in each slide.
- Do not just read out the points. Please clarify the participant’s queries

### Summarise:

1. What are the core points discussed under case scenario?
2. What did you learnt from the group activities?

### Reference:

- PPT No : Day 3 - Session 2 - Activity 1
## Session 3: QMS in Blood Transfusion Services

### Activity 1: ‘SIMON Says’ Game

<table>
<thead>
<tr>
<th>Objectives:</th>
<th>Time: 15 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>To energize the group</td>
<td></td>
</tr>
</tbody>
</table>

**Methodology**

<table>
<thead>
<tr>
<th>Methodology:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Group activity</td>
</tr>
</tbody>
</table>

**Instructions:**

- The facilitator tells the group that they should follow instructions when the facilitator starts the instruction by saying ‘Simon Says’.
- If the facilitator does not begin the instructions with the words ‘Simon Says’, then the group should not follow the instructions!
- The facilitator begins by saying something like “Simon says clap your hands” while clapping their hands.
- The facilitator speeds up the actions, always saying ‘Simon says’ first. After a short while, the ‘Simon says’ is omitted.
- Those participants who do follow the instructions anyway are ‘out’ of the game.

---

### Activity 2: Quality Management & Haemovigilance

<table>
<thead>
<tr>
<th>Objective:</th>
<th>Time: 30 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Discuss the policy &amp; procedures for lab supplies</td>
<td></td>
</tr>
<tr>
<td>Explain about the quality Assurance and Quality control in BTS.</td>
<td></td>
</tr>
<tr>
<td>Explain about the Haemovigilance program of India</td>
<td></td>
</tr>
</tbody>
</table>

**Methodology**

<table>
<thead>
<tr>
<th>Methodology:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Power Point Presentation</td>
</tr>
</tbody>
</table>

**Instructions:**

- Please try to explain the crux of the contents in each slide.
- Do not just read out the points. Please clarify the participant’s queries.

**Summarize:**

- What are the core points discussed in this presentation?
- How does it relate to your work?

**Reference:**

- PPT no: Day 3 - Session 3 - Activity 2
## Session 4: Record keeping, Documentation and Legal Aspects

### Activity 1: Record keeping and Documentation

<table>
<thead>
<tr>
<th>Objective:</th>
<th>Time: 45 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>· Emphasize the importance of record keeping &amp; documentation</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Material: Projector, Screen and Pointer</th>
</tr>
</thead>
</table>

### Methodology

- Power Point Presentation

### Instructions

- Please try to explain the crux of the contents in each slide.
- Do not just read out the points. Please clarify the participant’s queries

### Summarize:

- What are the core points discussed in this presentation?
- How does it relate to your work?

</table>
## Session 7: Post Training Assessment and Wrap Up

**Activity 1: Post Training Assessment and Feedback on Quality of Training**

<table>
<thead>
<tr>
<th>Objectives:</th>
<th>Time: 30 Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>- To assess the post training knowledge of the participants</td>
<td></td>
</tr>
<tr>
<td>- To assess the effectiveness of the training program</td>
<td></td>
</tr>
<tr>
<td>- To promote the methodologies of the training program</td>
<td></td>
</tr>
</tbody>
</table>

**Material:** Pre-structured questionnaires & Certificates

### Methodology

- Pre structured questions

### Instructions:

**Post training Assessment**

- The facilitator will circulate the questionnaire to the participants to be filled up and returned.
- No negative markings
- The post training questions must be filled up and handed over to the facilitator.
- The filled in questionnaires to be randomly distributed back to the participants and corrected by the participants

**Feedback on quality of training**

- The facilitator randomly picks out the feedback form and reads aloud the suggestions provided by the participants
- Randomly pick few slips of participants expectation pasted on the wall and read it aloud. Just ask participants whether expectations were met.

### Summarise:

- Thank participants for active participation.
- Provide contact details of resource persons & training centre for future technical support.
