Subject: NACO Internship programme – reg.

The National AIDS Control Organisation under Ministry of Health & Family Welfare, Government of India is the nodal organisation for HIV/AIDS Prevention & Control Programme in India. India's AIDS Control Programme is globally acclaimed as a success. The National AIDS Control Programme (NACP), launched in 1992, is being implemented as a comprehensive programme for prevention and control of HIV/AIDS in India. To provide a legal and human framework to protect the rights and dignity of People Living with HIV, the Government has enacted the HIV/AIDS Act, 2017. India has demonstrated a successful HIV programme with decrease in new infections and AIDS related deaths. With the Government’s roll out of “Test and Treat”, a major impact will be seen in reduction of infections, reduction in progression to AIDS and prevention of TB among PLHIV.

2. National AIDS Control Organisation (NACO) receives many applications for internship from research institutes, academicians/ students, PG/PhD students. In the past, many interns have worked with NACP.

3. It has now been decided to revamp the Internship Programme at NACO and name it 'NACO Internship Programme'. NACO has initiated the NACO Internship Programme for young students pursuing undergraduate, post graduate, M.Phil and PhD courses who wish to engage with the Government. The internship programme envisages an opportunity for young students to get familiar with and understand the various dimensions of policy making & implementation of the National AIDS Control Programme. It will serve as an exposure for the interns regarding functioning of Government of India. It will be mutually beneficial for the organization as well as students to have a structured internship programme under the aegis of NACO, Ministry of Health and Family Welfare. The internship programme would provide an excellent opportunity for budding scholars to familiarize themselves with the process of formulation of health policy and its implementation by the Government of India, with specific reference to the National HIV/AIDS and STD Control Programme.

4. NACO proposes to offer short-term internships to students from various disciplines e.g. Preventive & Social Medicine, Public Health, Health Management, Statistics, Social Sciences etc pursuing graduation or post graduation courses from a recognized and reputed University. The details of the NACO Internship programme along with eligibility criteria are annexed and also available in public domain at website http://naco.gov.in.

This issues with the approval of Additional Secretary & DG, NACO.

National AIDS Control Organisation under Ministry of Health & Family Welfare, Government of India is the nodal organisation for HIV/AIDS Prevention & Control Programme in India. India’s AIDS Control Programme is globally acclaimed as a success story. The National AIDS Control Programme (NACP), launched in 1992, is being implemented as a comprehensive programme for prevention and control of HIV/AIDS in India. Over time, the focus has shifted from raising awareness to behaviour change, from a national response to a more decentralised response and to increasing involvement of NGOs and networks of PLHIV. Prevention Services; and Care, Support & Treatment Services form the two key pillars of all the AIDS control efforts in India. Phase IV of the National AIDS Control Programme is aimed at reducing new infections by 50% (2007 Baseline of NACP III) and providing Comprehensive care, support and treatment to all persons living with HIV/AIDS.

To provide a legal and human framework to protect the rights and dignity of People Living with HIV, the Government has enacted the HIV/AIDS Act, 2017. The HIV/AIDS Act provides for the prevention and control of the spread of Human Immunodeficiency Virus and Acquired Immune Deficiency Syndrome and for the protection of human rights of persons affected by the said virus and syndrome and for matters connected with. HIV/AIDS Act has been notified on e-gazette on 21, April 2017.

India has demonstrated a successful HIV programme with decrease in new infections and AIDS related deaths. With the Government’s roll out of “Test and Treat”, a major impact will be seen in reduction of infections, reduction in progression to AIDS and prevention of TB among PLHIV. The Government of India is committed to achieve the global treatment targets of 90:90:90 by 2020 (90% of people living with HIV know their HIV status, 90% of people who know their status are receiving treatment and 90% of people on HIV treatment have a suppressed viral load) and “End the epidemic of AIDS” by 2030. Government of India is also committed to “Reduce new HIV infections by 75% (baseline 2010)”, “Eliminate Mother to Child Transmission of HIV”, and “Eliminate HIV-related stigma and discrimination” by 2020.

NACO receives many applications for internship from research institutes, academicians/ students, PG/PhD students. In the past, many interns have worked with NACP. NACO has initiated the Internship Programme for young students who wish to engage with the Government. The internship programme envisages an opportunity for young students to get familiar with and understand the various dimensions of policy making & implementation of the National AIDS Control Programme. It will serve as an exposure for the interns regarding functioning of Government of India. It will be mutually beneficial for the organization as well as students to have a structured internship programme under the aegis of NACO, Ministry of Health and Family Welfare. The internship programme would provide an excellent opportunity for budding scholars to familiarise themselves with the process of formulation of health policy and its implementation by the Government of India, with specific reference to the National HIV/AIDS and STD Control Programme.
